- 10. Translation from Spanish slope
- 11. Translation from Spanish slope
- 12. Translation from Spanish slope
- 13. Translation from Spanish slope

Teaching methodology

Go to catalan or spanish version.

Learning objectives of the subject

The main objective of the subject is the introduction to Landscape Architecture from a projectual and contemporary approach of the discipline. The contents to develop have both a theoretical and practical approach, based on the analysis of specialized bibliography and the study of a selection of the most representative landscape architecture projects, according to the main topics developed in the different scales of the landscape, from the large scale to a small scale.

_ Territorial and metropolitan landscape:

Rivers / corridors / coastline / urban forest / streams ...

_Europe and periurban landscape:

New centralities: urban network: streets ... / periurban parks / representative and corporate spaces / urban interventions / ephemeral spaces / tactical urbanism

Study load

Total learning time: 125h	Hours large group:	55h	44.00%
